THE PERFUME STUDIO PARTY PLANNING...

If Victoria Beckham, JLO and a host of other celebrities can create their own fragrance, then why can't everyone?

The party concept is simple, exciting and great fun. The whole process takes 1 to 2 hours (dependent upon the numbers). Your Perfume Studio Ambassador will demonstrate the gorgeous range of blends, you and your guests choose the ones they love and the atomizer they want and finally they name their unique creation. So all you need to do is decide when you want your party and where?

A fantastic hen party idea or just an excuse for the hostess to earn some free Perfume studio goodies from her commission! Minimum of 5 guests is required and a recommended booking fee of just £5 per guest, redeemable on the day.

With a range of beautiful accessories and home fragrance gifts also available and prices starting at just £5, what are you waiting for?
